State Inspectorate for Supervision of Quality in Education Under The Cabinet of Ministers of The Republic of Uzbekistan implements the state policy on quality control of educational processes, teaching staff, training and advanced training in the education system, regardless of departmental affiliation and organizational and legal form. It is a specially authorized state body that carries out attestation and state accreditation of educational institutions.

2) What is the law on accreditation and whether it is available also in English or Russian?

Certification and **state accreditation of educational institutions** is formed based on follows:

- The Educational **Law** - <https://lex.uz/docs/5013009?otherlang=3>
- About the National Training Program **Law** - <https://lex.uz/docs/-48401?otherlang=1>
- **Regulation** on the procedure for attestation and state accreditation of educational institutions - <https://lex.uz/docs/4367782?otherlang=1>
- **Instruction** on the criteria for attestation of educational institutions of the Republic of Uzbekistan

3) How long does the procedure take?

Certification

The main form of state control in the evaluation of the activities of the educational institution is to determine the content, level and quality of training in the educational institution in accordance with state educational standards and state requirements.

Accreditation

Recognition by the state that an educational institution meets the criteria and requirements of state educational standards and state requirements, as well as the right of its graduates to submit documents on the information approved by the state.

Educational institutions are certified **every 5 years**. Newly established educational institutions will be certified after 5 years.

4) What is the list of the documents needed for accreditation in Uzbekistan?

In the process of attestation (certification), a comprehensive analysis of the activities of educational institutions over the **past two years** by types of education, mainly the organization of the educational process in accordance with state educational standards and state requirements, education of students and pupils. Particular attention is paid to the level of mastering the programs, the potential of the teaching staff, the conduct of educational work and the provision of textbooks to students.

5) What are the organizations that shall be involved for accreditation process?

- State Inspectorate for Supervision of Quality in Education Under The Cabinet of Ministers of The Republic of Uzbekistan
- Ministry of Justice of the Republic of Uzbekistan
- The Ministry of Higher and Secondary Specialized Education of the Republic of Uzbekistan

6) it would be nice to have a look on evaluation report example for another program, which has been accredited recently

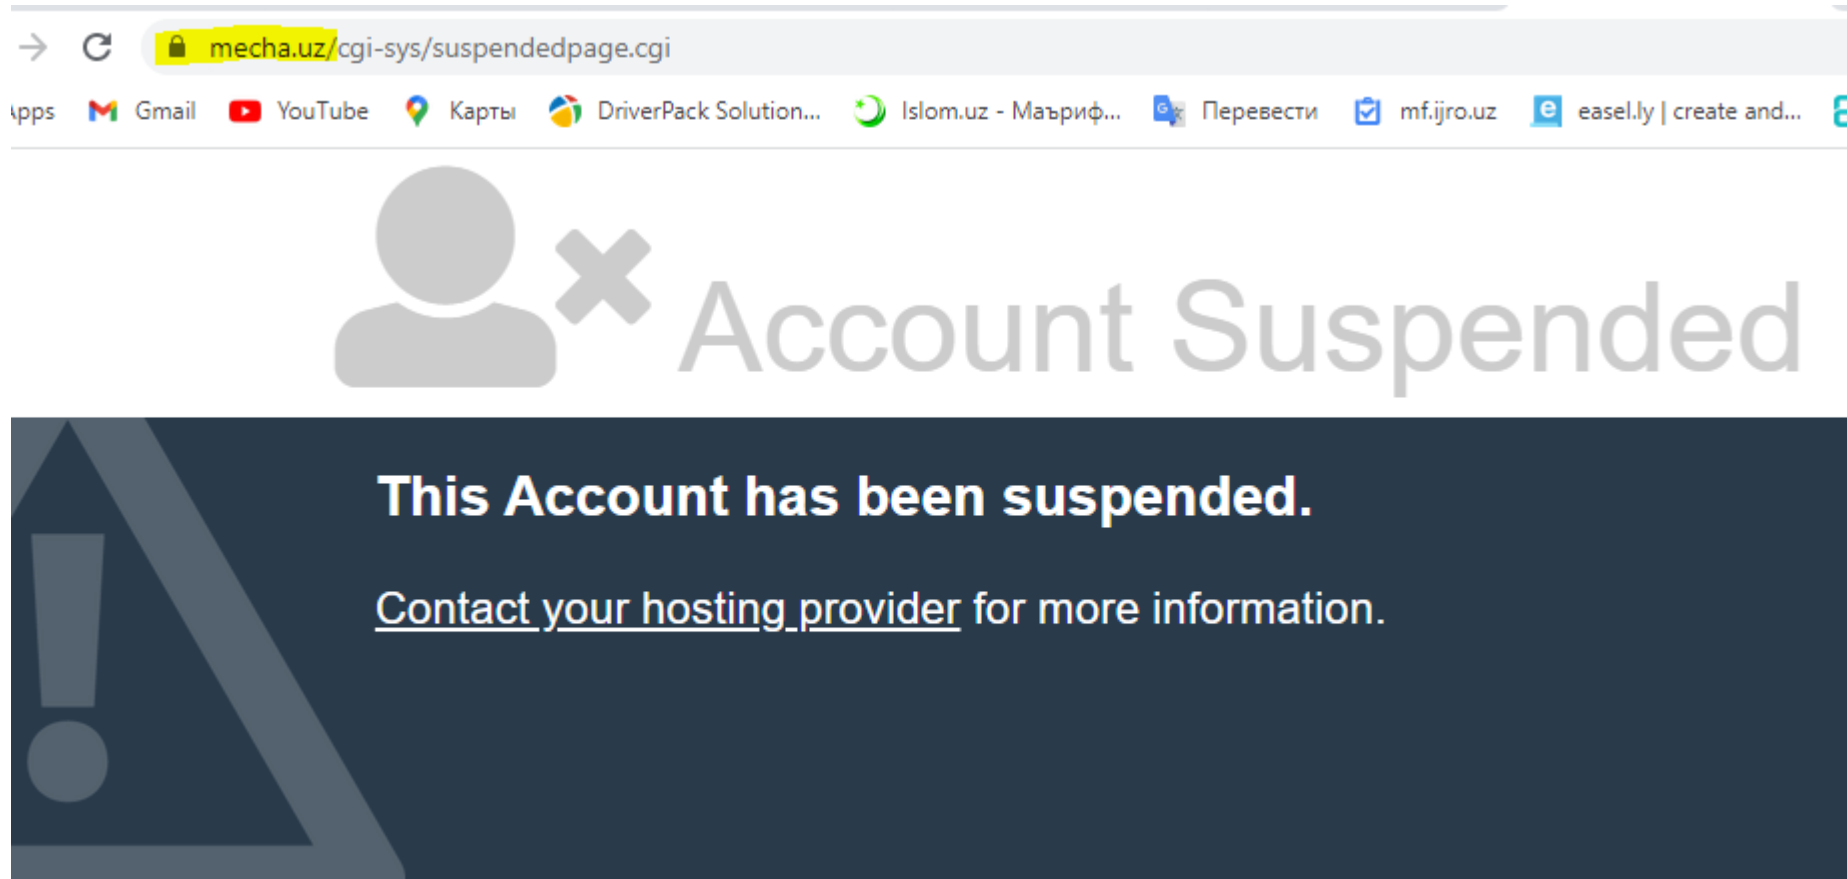

INTRAS project funded by Erasmus+ (Accredited the major named “Intelligence Transport System” for the master degree)

7) Can evaluation of accreditation documents be done also by European organisations or only by government organisations of Uzbekistan?

Based on the project proposal, it is enough accredited by National level.

6.2 WEBSITE
