

Deliverables Identification Codes	
Documentation Code	Document Type
D	Deliverable, WP Deliverable
C	Conference
J	Journal
S	Scientific Report
CP	Communication Paper (ppt presentation, flyer, poster)
M	Media content (videos, photos)
O	Any other subject

The identification codes will be used for both documenting files to folders and for report deliverables.

For the **report deliverables** the document identifier will have the following format:

MechaUZ_<Document Code.Deliverable number>_<Deliverable Title>_<Deliverable Version Number>

Example 1: For the Quality Plan document (WP5)

MechaUZ_D.5.1_Quality Assurance Plan_V.0.1

Example 2: For Dissemination Activities Plan (WP6)

MechaUZ_D.6.0_Dissemination Plan_V.1

For **any other document** (with document codes: J, S, C, M), the document identifier will have the following format:

MechaUZ_<WP#>_<Document Code>_Document Title><Version Number>

Example 1: For a presentation file concerning WP6

MechaUZ_WP6_C1_Website presentation_v0.1

Example 2: For a journal concerning a dissemination activity within the project for WP6
